## PROJECT EXAMPLES:

### ASSEMBLING/ FULL SERVICE

**Category:** HouseholdCare

**Customer:** Int. Consumer Goods Company

**Our service:** For promotional purposes, a household cleaning product is packed and sealed in 2 variants. Handle and duster are provided by the customer. Cardboard, supplement and bag are ordered by Popack according to specifications. Finished products are passed on to service providers for distribution by mail.

**Monthly production:** 1.400.000 Samples

### ASSEMBLING/ FULL SERVICE / LOGISTICS

**Category:** HealthCare

**Customer:** Int. Consumer Goods Company

**Our service:** For promotional purposes, 15ml sample tubes are filled in dispensers/ pots. Product is produced for several countries. Tubes are provided by the customer, cardboard packaging and inserts are ordered by Popack according to specifications. Dispatch as a parcel on the basis of the customer's own recipient list (dental practices).

**Monthly production:** 5 million tubes per month

## PROJECT EXAMPLES:

### ASSEMBLING / FULL SERVICE / LOGISTICS

**Category:** HealthCare

**Customer:** Int. Consumer Goods Company

**Our service:** For promotional purposes, 10g sample tubes are packed together with a brochure and a toothbrush. The product is produced throughout Europe for several countries. The tubes and brushes are provided by the customer. Cardboard, brochures, slider bags and supplements are ordered by Popack according to specifications. Dispatch as a parcel on the basis of the customer's own recipient list (dental practices).

**Monthly production:** approx. 1.3 million sets

### ASSEMBLING/ SLEEVING

**Category:** Food

**Customer:** Beverage manufacturers

Using different machines, Popack is able to "shrink" / "sleeve" several products with one film. Ideal for promotions and special editions.

**Monthly production:** 250.000 operations

## PROJECT EXAMPLES:

### CUSTOMISATION / LABELING / PRINTING

#### Category: BeautyCare

**Our service:** Various products for the Russian, (Eastern) European, Scandinavian and Arabian markets require a country-specific label and / or need to be printed. Processing is done per shipment. Labels are created by the customer and managed by Popack.

**Monthly production:** 100,000 labels and 85,000 printings

### CUSTOMISATION / LABELING / PRINTING

#### Category: BeautyCare

#### Customer: Int. Consumer Goods Company

**Our service:** Labeling for the Arabian region / SASO. All saleable items (regular and promo items) for the Arabian region are included in the scope. Products are labeled with warnings in accordance with the legal requirements in the destination country. Secondary packaging is glued by Popack and the outer cartons are printed. Labels are created by Popack according to the customer's specifications.

**Monthly production:** 170.000 items

## PROJECT EXAMPLES:

### ASSEMBLING (according to GMP-Guidelines)

**Category:** Pharmaceuticals

**Customer:** Int. Pharmaceutical company

**Our service:** Packing unit was opened, inhaler was separated from blister and packing supplements (folding box, package leaflet + tray).

Inhaler was collected for reuse, blister strips and packaging were sent separately from each other for destruction.

**Monthly production:** 300.000 pieces
